Purpose of the Meeting

Please be advised that the San Bernardino County, Department of Public Health, Division of Environmental Health Services Local Enforcement Agency (LEA) will be holding a joint meeting with the Applicant of Rialto Bioenergy Facility, Solid Waste Information System (SWIS) #36-AA-0446, for the public or interested parties regarding a Solid Waste Facility Permit (SWFP) revision. This is an informational meeting by the LEA to provide information pursuant to California Code of Regulations (CCR) Title 27 Section 21660.2 and a public meeting by the Applicant to address public comments pursuant to 27 CCR § 21570(g).

Description of Project

Rialto Bioenergy Facility is located at 503 E. Santa Ana Ave., Rialto, CA 92316. This is an existing in-vessel digestion facility.

On December 19, 2025, the LEA received an application package for a Solid Waste Facility Permit Revision from the Applicant. The LEA accepted the application package as complete and correct on January 15, 2026.

The permit revision includes the following changes:

- An increase in the total permitted vehicles from 47 vehicles per day to 52 vehicles per day;
- An increase in feedstock receiving hours from 16 hours per day/6 days per week to 24 hours per day/7 days per week;
- Minor updates to the In-Vessel Digestion Report in response to the 5-year permit review completed on September 29, 2025.

Options for Submitting Comments and LEA Contact Information
