

REQUEST FOR A RE-SCORE INSPECTION

GENERAL INFORMATION

THE INSPECTION RATE IS \$245.00 PER HOUR.

A minimum of \$122.50 will be charged for the first 30 minutes of inspection time.

A Letter Grade Card will remain valid until the Health Official completes the next routine, re-score or elevated risk inspection.

A re-score inspection is a new, unscheduled, complete routine inspection that may be:

- a) Required by County Ordinance 33.1403, or
- b) Requested by the food facility.

This inspection will address any uncorrected violations noted on the prior Official Inspection Report (OIR) as well as any additional violations noted at this time. There is no guarantee that the facility will receive a higher grade or score. The food facility must pay a re-score inspection fee for a re-score inspection.

Letter B Grade (Score of 80 to 89):

A re-score inspection may be requested by a food facility that receives a "B" grade after the completion of an official, routine re-score or elevated risk inspection. This request is optional on the part of the facility, which may wish to attempt to improve their score or letter grade. A Health Official will complete the re-score inspection within ten (10) county business days of the food facility submitting a request for a re-score inspection.

Letter C Grade (Score of 70 to 79):

The food facility must correct the deficiencies listed in the OIR and must submit a written request for a re-score inspection to Environmental Health Services (EHS) within 30 days of the OIR. The Health Official will complete the re-score inspection within ten (10) county business days of the food facility submitting a request for a re-score inspection. A food facility failing to comply with the OIR, failing to attain at least a "B" grade on the re-score inspection or failing to request a re-score inspection within 30 days, may be immediately closed by the Health Official and remain closed until at least a "B" grade is achieved on a re-score inspection.
