Please be advised that the County of San Bernardino, Department of Public Health, and Division of Environmental Health Local Enforcement Agency (LEA) received and accepted a Report of Facility Information (RFI) amendment to the Joint Technical Document (JTD) for the Landers Sanitary Landfill. The LEA is certified by the California Department of Resources, Recycling and Recovery (CalRecycle) to enforce state laws and regulations at solid waste sites within the County of San Bernardino, including all active and closed landfills.

Description of Project and LEA's Preliminary Determination

Landers Sanitary Landfill is located at 59200 Winters Road in Landers, California. On March 24, 2022, the LEA received, from Landers Sanitary Landfill, a Solid Waste Facility Permit (SWFP) application package to amend their JTD in the form of an RFI amendment.

The changes include the following:

- Updates to language within the JTD to reflect changes in design and operation of the site in relations to expansion area referred to as "Subtitle D lined area".
- Updates to information regarding environmental control systems.
- Updates to the remaining site capacity information.
- Updates to Appendix A to reflect current site conditions.
- Updates to language within the Faulting and Seismicity and Groundwater Quality sections.
- Removed outdated language of proposed expansion changes.
- Updates to language reflecting current wood and green waste handling.
- Addition of section "Waste Characterization Evaluation" relating to Senate Bill 1383.

The LEA finds that the proposed change is consistent with all applicable certified and/or adopted CEQA documents, is consistent with State Minimum Standards, and does not conflict with the terms and conditions in the current solid waste facilities permit. The LEA accepted the amendment on April 22, 2022.

Where to get additional information

A copy of the approved application for the RFI Amendment is available for public review by appointment in the LEA office located at 385 N. Arrowhead Ave., 2nd Floor, San Bernardino, CA 92415.
