Please be advised that the San Bernardino County Solid Waste Local Enforcement Agency (LEA) received and approved a Report of Facility Information (RFI) amendment to the RFI for the Hesperia Solid Waste Disposal Facility. The LEA is certified by the California Department of Resources Recycling and Recovery (CalRecycle), to enforce state laws and regulations at solid waste sites within the San Bernardino County, including all active and closed landfills.

Description of Project and LEA's Preliminary Determination

The Hesperia Solid Waste Disposal Facility is located 7 miles southwest of Hesperia, CA 92344. On May 17, 2023, the LEA received a Solid Waste Facility Permit (SWFP) application package for the Hesperia Solid Waste Disposal Facility to amend the RFI to update information in the

current RFI based on “Findings” identified during the facility’s 5-Year Permit Review. The amendment includes an update to the disposal footprint acreage from 41 acres to 38 acres.

The LEA finds that the proposed change is consistent with all applicable certified and/or adopted CEQA documents, is consistent with State Minimum Standards, and does not conflict with the terms and conditions in the current solid waste facilities permit. The LEA accepted the RFI amendment on June 13, 2023.

Where to get additional information

A copy of the approved application for the RFI Amendment is available for public review by appointment in the LEA office located at 385 N. Arrowhead Ave. 2nd Floor, San Bernardino, CA 92415.
